*Innovation, through suggestion.*

At Obeir, the customer always comes first. In fact, since 1983 every product we've brought to market was originally pitched to us by a nonemployee. For instance, in 1984, an employee from a competing company sold us on the idea of a discontinued steadily after, when people fell out of fashion, we assume. Drop us an email, give us a call, or write us a letter with your idea. Because as we say: "Helping the people who they want is the best way to give the people who they want."

The Obeir Poly Printer allowed users to incorporate their own program from the 1970s to early 1990s.
